

"Saved Her Life."

MRS. JOHN WALLETT, of Jefferson, Wis., than whom none is more highly esteemed or widely known, writes: "In 1891 I had a severe attack of LaGrippe and at the end of four months, in spite of all physicians, friends and good nursing could do, my lungs heart and nervous system were so completely wrecked, my life was despaired of, my friends giving me up. I could only sleep by the use of opiates. My lungs and heart pained me terribly and my cough was most aggravating. I could not lie in one position but a short time and not on my left side at all. My husband brought me Dr. Miles' Nervine and Heart Cure and I began taking them. When I had taken a half bottle of each I was much better and continuing persistently I took about a dozen bottles and was completely restored to health to the surprise of all."

THE FILIPINO ARMY

Takes to the Swamps and Hills Beyond Imus to Avoid Americans.

HEAVY RAINS THAT FALL

Nightly Make Campaigning Very Uncomfortable—Impossible to Learn What Effect the Recent Defeat Had Upon the Rebel Leaders—How the Rebels' Hopes Are Kept Afloat.

Manila, June 22.—The insurgent army has taken to the swamps and hills beyond Imus. The largest force is supposed to be in the neighborhood of San Francisco de Malabon, holding a position more toward the lake or toward the coast, according to exigencies demand.

General Wheaton returned to Imus yesterday, bringing three men who were wounded in Wednesday's fighting. The heavy rains that fall nightly make campaigning uncomfortable. The roads are still good, but the rice fields adjoining them are pools of water.

The Filipinos will not fight unless they can meet out troops in positions most advantageous to themselves or take our reconnoitering bodies in ambush.

It is impossible to learn what effect the recent defeat has had upon their leaders. This should be disheartening, for they had boasted that the Americans could never conquer the province of Cavite, Aguinid's home country, where he always resided the Spaniards.

General Otis received a letter signed by native women of the province declaring that, if all the men were killed, the women would still keep up the fight against the Americans.

Copies of the insurgent organ, Independencia, show that the Filipinos hope of success are kept afloat by political movements in America.

The Independencia prints reports of alleged speeches made at alleged meetings in the United States denouncing the war, and it asserts that these represent the dominant American sentiment.

It declares also that the Filipinos will continue the war until the next presidential campaign, which is "sure to result in a decision to withdraw the American troops from the Philippines."

It is reported that the Spanish garrison at Baler, in the province of Principe, on the east coast of Luzon, which had become reduced to 33 men, finally surrendered to the Filipinos, after holding out for a year.

The Filipinos imprisoned two Englishmen at Tachobon, on the island of Samar, southeast of Luzon. The British first class cruiser Grafton steamed to that point from Cebu and her commander demanded their release. When this was refused, he landed a force of marines and cleared his ship for action, whereupon the Englishmen were handed over.

Milk, Butter and Eggs For Volunteers. Washington, June 22.—Commissioner General Weston has issued an order directing that upon the return of the volunteer troops from the Philippines, there shall be issued to them the following, in addition to the regular ration: With each 100 rations, 12½ gallons of milk, 10 pounds of butter and 10 dozen eggs. These additions are of a kind that could not be obtained on board ship and will no doubt be appreciated by the men.

Will Regard Them as Americans. Madrid, June 22.—The minister for war, Lieutenant General Polavieja, says, that according to advices received by the government, the Filipinos, on learning that the United States had undertaken to negotiate the liberation of the Spanish prisoners, decided to regard the latter as Americans, with a view of extracting greater advantage from the negotiations.

Women get used to being sick. They come to consider back-ache, head-ache, side-ache, dragging, dreary, bearing-down feeling, hot flashes and nervous

irritability as a part and parcel of their womanhood. They get used to being half dead all the time. They forget that they ever were anything else. If they don't have to go to bed and stay there every day they try to get well.

Nine-tenths of all the sickness of women is due to some derangement or disease of the organs distinctly feminine. All such sickness can be cured—is cured every day by

DR. PIERCE'S

FAVORITE PRESCRIPTION:

It Makes Weak Women Strong, And Sick Women Well.

It acts directly on the organs affected and is at the same time a general tonic for the whole system. It cures female complaint right in the privacy of home. It makes unnecessary the disagreeable questioning, examinations and local treatment so universally insisted upon by doctors, and so abhorrent to every modest woman.

J. S. Everett, of Hagerman, Washington Co., Md., writes: "For five years my wife was in an almost helpless condition, suffering from female weakness. Last September I decided to try Dr. Pierce's Golden Medical Discovery and his 'Favorite Prescription.' I am now a happy man, whereas I thought for four years that I would be left in this infirmity without a companion. Dr. Pierce's medicines are truly and a thousand times the money they cost and every suffering woman in the world should try them."

MYSTERIOUS MOVE

Russia Said to Be Accumulating a Fabulous Amount of Gold.

London, June 22.—In view of the financial straits of the Russian government, which have led the minister of finance, Witte, to expose himself to humiliating rebuffs in Paris, Berlin, Frankfurt, Amsterdam and here, in his endeavors to obtain loans, there is something mysterious and almost alarming in his action in actually offering a commission on shipments of gold from the United States, that is to say, a rate of interest on the gold while it is journeying across the Atlantic to St. Petersburg. The gold has been sold to him in preference to the Bank of France and the Bank of England, both of which have been in competition with him.

The Russian government holds close upon \$700,000,000 in gold, as much as the combined holdings of the Bank of England, the Bank of France and the Imperial Bank of Germany. To keep such a huge mass of gold idle, as the Russian government is doing, is extremely costly, and at the rate of interest which Russia is offering for loans abroad, it represents a total of nearly \$30,000,000 a year. Naturally, there can be nothing but political motives to prompt so audacious a move as Count Witte to pursue such a policy, and all sorts of rumors are current here as to the object Russia has in view.

ADMIRAL KAUTZ

Arrives at San Francisco With the Philadelphia From Apia.

San Francisco, June 22.—The United States cruiser Philadelphia arrived here yesterday from Apia via Honolulu. The homeward voyage was not a fast one for the reason that the Philadelphia's bottom is very foul from long service.

In some respects the homewarding of the cruiser has been a sad one for she bears to relatives in this country the bodies of two Americans—Lieutenant Lansdale and Ensign Monaghan—who lost their lives in the fight between Matanua and the combined forces of the American and British seamen. Lansdale was well known here and shortly before being ordered to Samoa married a prominent young society lady of this city. Ensign Monaghan's parents reside at San Diego, Cal.

Admiral Kautz is in command of the cruiser and he reiterates that he had done his duty in the matter of the Samoa trouble and he believes that he has been subjected to much unjust criticism in certain quarters. He is fully convinced that he will be able to set himself right with the people and it is already known that his actions have had the sanction of the navy department.

PRESIDENTIAL PARTY

At Adams, Mass., Where They Will Remain Until Next Wednesday.

Adams, Mass., June 22.—President McKinley and party reached this city last evening and will be guests of W. R. Plunkett until next Wednesday. The party left the Whiting mansion at Holyoke yesterday and were conveyed to South Holyoke, where they boarded the steamer Mascot and were carried down the Connecticut river to Springfield.

Here the president and Mrs. McKinley were greeted by a great crowd of people and were driven about the city. Afterward the president held a reception, reviewed a parade and made a speech to 30,000 people.

Bermuda's Representatives. Washington, June 22.—The Bermuda reciprocity commission has arrived here to open negotiations for a reciprocity treaty. Accompanied by Mr. Tower, the British chargé, who will represent the home government in the negotiations, the members of the commission called at the state department yesterday and met Secretary Hay and Commissioner Kasson. The conferences on reciprocity schedules will not begin until next week.

Shortage of \$6,000 Claimed. Trenton, June 22.—Justice Collins in the supreme court yesterday appointed a commissioner to inquire into the accounts of Collector Charles Desch of Seabright. Desch has been missing for some time, and was reported to be burned in the hotel Windsor fire, New York. This, however, is not believed now, and it is claimed there is a shortage of \$6,000 in his accounts.

Internal Revenue. Washington, June 22.—The monthly statement of the collections of internal revenues shows that the total receipts during May, 1899, were \$23,500,734, an increase over May, 1898, of \$9,402,610.

SIFTINGS.

Rev. W. H. P. Faunce of New York has been installed as president of Brown University at Providence.

The Cincinnati Times-Star has forwarded \$250 collected in donations to the Dewey fund committee.

The Bellevue (O.) Plow company, one of the largest concerns of the kind in the state, has gone into the hands of a receiver.

Secretary Hitchcock has certified to the treasury the annual payment of \$5,000 to each state and territory encouraging agricultural colleges.

William Hastings, claiming to be an American, aged 32, and formerly a judge in New York, has been arrested in Paris on a charge of attempted blackmail.

The trustees of Williams college, Williamston, Mass., have made known the name of the donor of the new \$35,000 students building. He is Morris K. Jesup of New York.

Burt Thomas of the internal revenue service in San Francisco, has seized 200,000 cigars and tobacco valued at \$5,000, belonging to a Chinese tory. The cigars had been packed in secondhand boxes.

AFFAIRS IN SAMOA

Chief Justice Chambers Sustained by the Powers' Commissioners.

TANU RECOGNIZED AS KING

But Abdicates In Favor of the Commissioners Who Appoint a Provisional Government—Matanua and the Loyalists Surrender Arms—Recommendation to Abolish Kingship.

Apia, Samoa, June 14, via Auckland, N. Z., June 22.—Matanua has surrendered 1,850 rifles and the loyalists have given up 2,000. After June 30 a heavy penalty will be enforced upon natives found with rifles in their possession. Matanua promises to turn in more weapons.

The natives have returned to their homes. Malietoa Tanu was recognized as king by the commissioners of the three powers, and the decision of Chief Justice Chambers in the matter of the kingship was proclaimed valid and binding. Malietoa Tanu then abdicated in favor of the commissioners, who appointed a provisional government.

NICARAQUANS

Appeared to Be Concerned Last the United States Annex Their Country.

Managua, Nicaragua, June 22.—The newspapers here, official and otherwise, continue to denounce articles which, they declare, appear frequently in newspapers in the United States, advocating the annexation of Nicaragua to the former country. There is little doubt, however, that if the natives of Nicaragua have an opportunity to vote freely and fearlessly a large majority would favor annexation to the United States.

One of the courts of Nicaragua has issued an order to Mr. Nicoll, the British consul here, who is also agent of the London syndicate of foreign bondholders, commanding him to pay to the minister of Nicaragua's treasury the \$70,000, approximately, of Nicaraguan paper money received as export tax on coffee, which he recently converted into sterling bills of exchange, as provided in the contract of 1895, to pay the interest due on Nicaragua's bonded debt held in London.

Complaints are numerous and appear to be increasing relative to the loss of letters mailed for foreign countries and the non-delivery of letters sent to Nicaragua from abroad. Many persons have adopted the scheme of registering their letters, but this, it is claimed, has not remedied the trouble. There are also complaints of delayed telegraphic messages. Just where the leakage occurs has not yet been ascertained, although decoy letters have been sent.

Corinto has been suspected. The central office at Managua has the confidence of every one, native and foreign, and is certainly conducted with great care and reliability. Corinto is the port on the Pacific where the mails from and for western Nicaragua are distributed.

ADVANCED STAND

Taken by Iowa's Attorney General Against Trusts and Pools.

Des Moines, June 22.—At the first annual meeting of county attorneys of Iowa yesterday, Attorney General Remly made an address that attracted much attention from his taking an advanced stand on trusts. He said: "Socialism follows in the wake of trusts. The French revolution was a logical sequence of concentration into the hands of the church and the nobles of a greater part of the lands and the wealth of France. I do not say that such a condition is near at hand in our country, but I firmly believe the pendulum is swinging in that direction."

In conclusion he said: "You can do your state no better service than by either demonstrating the nonexistence of unlawful pools and trusts in the state or bringing the guilty parties to justice. For your own sake, for the sake of the people who have trusted and honored you, you can not shirk the responsibility if you wish to. You should and you will, to the best of your ability, faithfully and patriotically go after all the trusts and combinations organized against the laws of the state and country."

PACED BY A LOCOMOTIVE

Bicyclist Murphy Will Attempt to Ride a Mile in One Minute.

New York, June 22.—Charles Murphy, paced by a locomotive, rode a mile on a bike in 1 minute and 5 seconds near Maywood, L. I., yesterday. The ride was a practice sprint. On June 30 he will endeavor to cover the mile in 1 minute. Between the rails of the Long Island Railroad company for two miles has been laid a smooth pine flooring. One-half mile is allowed for getting up speed and one-half mile for slowing down. The pacing locomotive is one of the biggest owned by the Long Island railroad, which is taking an active interest in Murphy's attempt.

Will Test Pennsylvania Liquor Law.

Harrisburg, June 22.—Charles H. Berner and Leroy J. Wolfe of this city, representing the department of justice at Washington, made application in the county court for a new trial in the case of James D. Moore and Patrick Joyce, convicted of maintaining a canteen at Camp Meade. The law department at Washington is of the opinion that the canteen business does not conflict with the law of states, and is determined to thoroughly test the matter.

Troops to Leave Panama.

Springfield, Ills., June 22.—Governor Tanner last night stated that on the recommendation of Colonel J. S. Culver, commanding the Fifth Infantry, L. N. G., he would order the two companies on duty at Panama to leave there Monday and would revoke his proclamation declaring martial law to exist and order the arms seized from citizens to be restored to their owners.

Law to Be Attacked.

Chicago, O., June 22.—A law passed by the legislature last winter requiring commission men to pay a license of \$25 and to render to consignors an itemized account of all sales made on commission, is to be made the object of an organized attack by commission merchants. The law was passed to correct alleged abuses in the system of commission selling, and received the almost unanimous support of the country legislators.

THURSDAY, JUNE 22, 1899.

The North Vernon Sun has a piece and a nice piece, too, about John Overmyer this week. And we will wager a last year's hat that banker John saw the copy before the compositor did. But that doesn't make any difference about the merits of the piece. The Col-umbus Herald and Madison Democrat will copy it, for they are for Overmyer for congress it seems and won't hesitate to handle a little reprint to help along his room.

That was a "powerful fine article," as "Uncle Whittier" would say, that Mr. "Justice and Truth" wrote for the Democrat yesterday. He, that is Mr. J. and T., finds fault because the republi-cans have declared against trusts. Now we don't know the politics of Mr. J. and T, but he must have been rock-ed in the democratic cradle and school-ed in democratic practices for he knows how to find fault. Not that he is find-ing fault with the trusts so far as this article commits him, but he finds fault with republicans because they speak out against unlawful monopolies. Then he gets personal and likens one of the editors of this paper to some kind of a howling county canine, but in the same sentence he claims kinship and speaks of him as "Brother Remy," and thus admits that he belongs to the same tribe of animals, so we will just let that pass. But no matter about our relationship outside of politics, Mr. J. and T. must be a Bryan-Altgeld-Tillman democrat and from that standpoint will not call us "brother."

Drink, Grain-O.

After you have concluded that you ought not to drink coffee, it is not a medicine but doctors order it, because it is healthful, invigorating and appe-tizing. It is made from pure grains and has that rich seal brown color and taste like the finest grades of coffee and costs about 1/4 as much. Children like it and thrive on it be-cause it is a genuine food drink con-taining nothing but nourishment. Ask your grocer for Grain-O, the new food drink. 15 and 25c.

PRELIMINARY HEARING.

David O. Harris Arraigned Before Judge Hoover this Afternoon.

This morning city marshal Thick-ten went to Brownstown after David O. Harris and brought him to Seymour for preliminary hearing in the case of the State vs David O. Harris, charged with the murder of George Brown on Satur-day night, June 10. The case was heard by Judge Hoover.

The prisoner was brought into court at 1:45, showing plainly that he has felt keenly the strain on him the past ten days.

The witnesses summoned and present were sworn by Judge Hoover.

The first witness called was Mrs. L. P. Byrne. She was examined by Pro-secutor Honan. She said she and Mrs. Hopewell were on Chest-nut street on the evening of June 10th, in front of Tabb's store. Heard some one say "Come here, you s— — —." Some one else said "You don't mean it do you?" Saw man in buggy strike some one standing on the ground. Think man on ground grabbed whip and struck back. Man in the buggy fired a shot right after the second stroke of the whip. Two shots were fired. Did not know who was in the buggy or whether he was alone or not. Did not know who the man was on the ground. On cross examination by Montgomery, Mrs. Byrne said the first thing that attracted her attention to trouble was the remark of some one that there was going to be a fight.

Humphrey Lynch testified that he was in front of Pellens' drug store the night of June 10 when George Brown was shot. Saw Harris in buggy there but did not see Brown there to know him; had seen him earlier in the even-ing. Saw no quarreling. A shot from a pistol first attracted my attention. Shot came from the buggy, Harris partly standing when second shot was fired. Brown staggered backward and Harris drove east on Tipton street. Cross examined by Montgomery.

Walter Leslie was put on the stand and said he and John Roemmel were standing by Pellens' drug store when the trouble took place between Dave Harris and George Brown. Heard Har-ris say to Brown, "Come hear you — — —." Then Harris shot. Saw no fighting. Saw Harris shoot. Harris drove east. Went over to where Brown was lying in the street.

Cross-examined by Montgomery.

Barney Claycamp said he was by Tabb's store that evening. Saw Brown coming across the street and heard George Goens say to Harris, "There is George Brown." Heard Harris say, "Come here you — — —." I want to see you." Brown replied, "Dave, don't say that to me, I won't stand it." Wit-ness then started towards Payne's barber shop. Heard shot fired but did not go back. Two shots about a min-ute apart.

Policeman Hopewell was at Abel's corner when first shot was fired. Was coming from ringing the curfew bell and was at the time of the first shot speaking to some boys telling them that the curfew had been rung. Did not know where shot came from until sec-ond shot was fired. Started to run towards the buggy, came in contact with Brown just as he was falling, caught him and laid him down.

Cross-examined by Lewis.

George Goens was called as a witness for the defense and was examined by Lewis. Said he was at Tabb's corner

when Dave Harris drove up Saturday evening, June 10. Went out to talk to him about some money matters be-tween them. Saw George Brown across the street. Said to Harris, "There is George Brown. First time I have seen him since he came back." Dave said to Brown, "Come here you — — —, I want to see you." Brown crossed to Abel's corner and said "Don't say that to me Dave, I won't take it." Harris then turned to Goens and said: "What do you think of that. Getting smart since he came back." Witness said he and Harris then began talking about their money affairs again. First thing he knew Brown came up back of the buggy and struck at Harris. Do not know whether he hit him or not. Then got hold Harris whip and hit him twice with the butt end of it. Witness said that he started around to stop the fight, when Harris fired first shot. Brown staggered towards the west and fell. Harris drove east on Tipton street.

Cross examined by Barnes.

Will Huestet testified that he took charge of the body. Examined same and prepared it for burial. Found a bullet hole in left breast three inches below the collar bone. Only one bullet hit him.

The evidence all being in Prosecutor Honan made an argument for the state. As we go to press O. H. Montgomery is making an argument for the defense. He was preceded by John M. Lewis for the defense and S. A. Barnes will likely close for the state.

At this time there is more or less speculation about the probability of the court admitting the defendant to bail.

With the Regulars at Havana.

EDITORS REPUBLICAN:—Seeing that you published a short note which I wrote to your paper some days ago I write again, that my relatives and friends may know how I am faring.

My battery, i. e. Battery I, has re-cently moved its headquarters from Fort Principe which is on the western side of Havana to that of Fort Cu-binas or Morro Castle, on the eastern side.

The rainy season has just begun here, being somewhat later than usual, but the Cubans give their superstitious ideas that the late rainy season is because the Island is occupied by U. S. soldiers and under the supervision of the U. S. gov-ernment.

Everything concerning political affairs among the Cubans is gradually sub-siding and the Cuban soldiers are coming into the paymasters' offices all over the Island and turning in arms and ammu-nition and receiving their \$75, and many have gone to working their little farms almost forgetting the years of struggling.

There is occasionally a riot or a strike but it is soon over. I have noticed many articles in some leading papers stating that the fire of rebellion was in every Cuban's heart against the U. S. and also that they were accumulating fire arms, ammunition, etc., with which to attack the U. S. should any action on the part of country occur, but I am glad to say I can discredit those rumors by my own personal ob-servation and investigation.

The fruit season has reached its ma-turity and fruit is in abundance except oranges, and it is almost impossible to buy them here now. But pineapples are as cheap as corn in the states.

Since the rainy season has begun yel-low fever is breaking out and it is be-coming very difficult to obtain a pass or permission to leave barracks which makes it very doleful for us boys but we must stand the pain and hardships until our three years are out. We are expecting to go to Manila soon unless different arrangements are made.

I hope sometime to return home and enjoy the blessings of peace and liberty and that I can again realize that I am a citizen of the most noble and powerful nation on earth. Then will our na-tional colors and banners be sweetest to me.

WILLIAM ABERNATHY,
Battery I, 2nd Art'y.

I was seriously afflicted with a cough for several years, and last fall had a more severe cough than ever before, I have used many remedies without re-ceiving much relief, and being recom-mended to try a bottle of Chamber-lain's Cough Remedy, by a friend, who knowing me to be a poor widow, gave it to me, I tried it, and with the most gratifying results. The first bottle re-lieved me very much and the second bottle has absolutely cured me. I have not had as good health for twenty years. I give this certificate with-out solicitation, simply in apprecia-tion of the gratitude felt for the cure effected.—Respectfully, MRS. MARY A. BEARD, Claremore, Ark. For sale by C. W. Milhous.

THE BODY RECOVERED.

Lifeless Form of Willie Stewart Found in Eight Feet of Water.

Last evening as soon as word reached the city that a boy was drowned at Bell's Ford, searching parties were organized and went out. They went to work with a determination and at 8 o'clock the lifeless form of little Willie Stewart was brought to the surface. It was found in water about eight feet deep.

Ed. Downs who with others was raking the bottom of the river with hooks attached to long pole was the first to discover the body. In the boat with him was Ruby, the nurse, and a few feet away, in another boat was W. A. Carter and J. A. Carter. The body was lifted into the boat and then brought to the shore, and placed in W. A. Carter's buggy and brought in to Husted's morgue where it was prepared for burial and then taken to the home of the bereaved parents in the south east part of town.

Deputy Coroner Will Husted held an inquest at 10 o'clock this forenoon and returned the verdict that the boy came to his death by accidental drowning.

The body will probably be taken to Mitchell on No. 3 tonight for burial.

MARRIED.

A pretty wedding occurred at 1:30 this afternoon at the home of David Moses and wife on West Second street. The contracting parties were Miss Alice Moses, of this city, and Mr. Walter Flomerfelt, a popular railroad man of Cincinnati. C. D. Billings filled the place of groomsmen and Miss Anna L. Greer that of bridesmaid. The beautiful ceremony was pronounced by Rev. J. T. Charlton, of the Presbyterian church. Mr. and Mrs. Flomerfelt left on No. 2 for Cincinnati where they will make their future home. They carry with them the best wishes of a large circle of friends.

North Pole in Town.

The south end of the North Pole is now connected with the soda fountain at Cox's pharmacy which means an endless supply of cool, refreshing drinks at this popular resort. "Blue Ribbon" ice cream, the finest that ever came to town, is dispensed here, with or without soda.

No. 8's engine broke down at Huron yesterday and engine 109 pulled the train to Cincinnati from here.

The Southern Indiana has received from the Rogers locomotive works two heavy new freight locomotives, and next week will receive a third.

Adjourned Until Monday.

The board of review has adjourned until Monday to give some of the assessors more time to get their books completed as the law requires. The indications are that the board will be kept busy the entire thirty days as they will be asked to pass on an unusually large number of assessments. From present indications there will be many appeals from appraisal of real estate in Hamilton township.

DIED.

PERKINS.—Charles Perkins died at his home at Freetown this morning of Bright's disease. He was 74 years old.

MILLER.—Miss Pearl Miller, whose illness the REPUBLICAN noted, died at 2 o'clock Thursday morning, June 22, at the home of her parents near Ewing. She was the daughter of Mr. and Mrs. Warren Miller and had been sick about two weeks. She was 22 years of age and was a member of the Christian church. Funeral Friday at 10 o'clock.
